CERTIFICAÇÃO ANQIP

A relação individual de cada um de nós com a água, nas sociedades tecnologicamente mais avançadas, está de tal modo impregnada nos hábitos e comportamentos quotidianos que quase não tomamos consciência da sua importância, a não ser quando nos deparamos com falta de água nas torneiras, nos poços ou nos furos, nas barragens e noutras locais. A água é um recurso escasso e fundamental à vida, cada vez mais se torna imperativo ter atenção à eficiência hídrica dos nossos produtos enquanto consumidores.

Ao optar por produtos W7 certificados pela ANQIP conseguirá uma redução do consumo de água em mais de 50%.

CERTIFICACIÓN ANQIP

La relación individual de cada uno de nosotros con el agua, en las sociedades más avanzadas tecnológicamente, está tan impregnada en nuestros hábitos y comportamientos cotidianos que casi no somos conscientes de su importancia, salvo cuando nos enfrentamos a la falta de agua en grifos, pozos o perforaciones, presas y otros lugares. El agua es un recurso escaso y fundamental para la vida, y cada vez es más imperativo prestar atención a la eficiencia hídrica de nuestros productos como consumidores.

Al elegir los productos W7 certificados por ANQIP, conseguirá una reducción de más del 50% en el consumo de agua.

ANQIP CERTIFICATION

The individual relationship of each one of us with water, in the most technologically advanced societies, is so impregnated in our daily habits and behavior that we are almost unaware of its importance, except when we are faced with a lack of water in taps, wells or boreholes, dams and other places. Water is a scarce resource and fundamental to life, it is becoming increasingly imperative to pay attention to the water efficiency of our products as consumers.

By choosing W7 products certified by ANQIP you will achieve a reduction of water consumption by more than 50%.

CERTIFICATION ANQIP

La relation individuelle de chacun d'entre nous avec l'eau, dans les sociétés les plus avancées technologiquement, est tellement imprégnée dans nos habitudes et nos comportements quotidiens que nous sommes presque inconscients de son importance, sauf lorsque nous sommes confrontés à un manque d'eau dans les robinets, les puits ou les forages, les barrages et autres lieux.

L'eau est une ressource rare et fondamentale pour la vie, et il devient de plus en plus impératif de prêter attention à l'efficacité hydrique de nos produits en tant que consommateurs.

En choisissant les produits W7 certifiés par l'ANQIP, vous obtiendrez une réduction de plus de 50 % de la consommation d'eau.
